

*For Congregational Home and Berghammer Construction, donating to ReStore was the obvious choice.*

Congregational  
Home   
Residence & Rehabilitation

  
**BERGHAMMER**  
Construction Corporation

*When Congregational Home and Berghammer were contemplating what to do with cabinets being replaced during the ongoing renovation at the facility, it didn't take long to realize it was a terrific opportunity to give back to the community. The cabinets were in great condition, Berghammer craftsmen preserved them during deconstruction and ReStore staff picked them up.*

*The cabinets sold quickly and went into people's homes—not the landfill. Proceeds from the re-sale of the cabinets at ReStore are used to fund Habitat For Humanity's mission of building affordable homes for Milwaukee's lower income families.*

*For Congregational Home, Berghammer Construction and ReStore—it was a Win, Win, Win.*
